

Hi, I'm Jean-Baptiste.

I'm a young french digital designer from Paris. I'm intersted in interactive art, videowork, 3D motion design, and digital graphic design.

I'm also an avid moviegoer, I love electronic music, trying to figure out how art is made, and discovering new places.

13/25 Rue de Stalingrad
93310, Le Pré Saint-Gervais
